K. U. MINUS LONBORG

Jayhawks Face Nebraska Short One Star End.

Lawrence, Nov. 15.—In the midst of their preparations for the Nebraska game Saturday, the Jayhawks were hit a hard blow today by the departure from school of "Dutch" Lonborg, star end, for the Kansas line. He and Foster were the ground gainers in the game against the Sooners last Saturday and the only completed passes made were Foster to Lonborg. Lonborg leaves here for Camp Zachary Taylor where he has been admitted as a candidate for a commission as a lieutenant of artillery. He made a place on the all-Missouri Valley team last year.

The Kansans are greatly fearful of their chances against the Cornhuskers now and every effort is being made to strengthen the line that was so vulnerable against the attacks of the Oklahoma line. Coach Jay Bond this morning was unable to say just who would be placed at end in place of "Dutch" Lonborg. There are several speedy freshmen out for the place this year, but so far none of them have shown any marked ability in handling the forward pass and Bond has no hesitation in saying that the game with the Huskers Saturday will be a kicking and passing game.

Of course we are trying to make the score look as good as we can, but we are not really hoping for much in the way of football honors this year," said Bond last night. "We are keeping a team in the field and are competing with all our contracts for games and we are mighty lucky to be doing that much. What next year will bring, only time will tell."

NEW REVENUE BILL

Measure Would Provide 6 Billions in 1919.

Washington, Nov. 15.—The revision revenue program of the treasury department providing for a bill yielding \$6,000,000,000 in taxes payable during the calendar year 1919 and not less than \$4,000,000,000 in 1920, outlined by Secretary McAdoo in a letter to Senator Simmons came before the senate finance committee today for consideration. During the day Mr. McAdoo was expected to appear before the committee and make a more detailed explanation than that contained in his letter to Chairman Simmons, which was made public last night. Expenditures of the government during the present fiscal year were estimated by the secretary at \$15,000,000,000 in comparison with estimates of \$24,000,000,000 made before there seemed to be any likelihood of peace. In explaining the need for maintaining the total sum needed by taxation this year at about \$6,000,000,000, the amount now carried by the revenue bill as revised by the senate.

TO UNDERGO OPERATION

Clyde Miller Has Been Ill at Home Since Last August.

Clyde Miller, who has been seriously sick at his home, 811 Buchanan street, will undergo an operation at the hospital for an operation. Miller has been sick since early in August and for several weeks has been confined to a bed in his home in Topeka. Early in August Miller came to Topeka from his ranch in Lyon county, expecting to devote his time to his insurance work and the political campaign. His condition, however, compelled him to abandon his plans for active participation in the campaign and for three months he has been under the care of a physician. For several weeks he was sick at his ranch home, coming to Topeka early in October.

It is believed that following an operation Miller will soon be able to return to his office in the Central National bank building. Miller is widely known in state politics and was urged by a number of his friends as chairman of the Republican state committee. Because of his physical condition, however, he refused to be a candidate. In 1916 Miller was the Republican nominee for congress in the Fourth district.
